

Materials/Supply List for Gail Denton's "Go Outside and Paint!"

Supplies for all students to remember to bring to class:

- Sketch pad and pens to practice composition.
- Chair or stool to sit on out of doors.
- Have transportation. We will be going to a location.
- Water to drink. Snacks if desired.
- Dress for the conditions of the day.
- Wear sturdy shoes, as most ground is uneven.

Optional:

Students may bring whatever supplies they currently have on hand for painting out of doors. Suggestions for new tools, organization of supplies and upgrades will be available from the instructor along with a resource list. There's no need for anyone to run out and purchase new equipment or supplies.

Please remember, our focus in this class is on preparing to go outside and paint, not on how to paint!
